Hot Shot Series Pressure Washer - Rhino 1600psi / 10LPM

Although the "baby" of the Hotshot family, the Rhino packs plenty of punch with 1600 psi and a flow rate of 10 litres per minute.
Like the Hippo and the Jumbo, this high pressure cleaner is built with a powder coated steel frame and is designed to give easy access for maintenance. The stainless steel cover gives long lasting protection to your investment and the low speed Interpump ceramic plunger pump offers much longer operational life than older style high speed machines. This hot water pressure cleaner is now a firm favourite with the hire industry, to watch a video demo of it in action, click here. *Hire/lifting frame option available.

Picture shown may not represent model quoted

- Stainless steel cover with powder coated steel frames
- Low speed ceramic plunger Interpump pump
- Low fuel indicator and low water cut off
- Delayed stop protects pump from excessive shock loading
- High pressure and low pressure detergent operation
- Hire frame with lifting hook available
- One year commercial warranty

Includes:

- 1200mm Gun, Lance and Nozzle
- 10m 3/8 inch Double Braided Hose
